HOW YOU PAY

No main tuition *before you earn.*

The whole journey of your money, from your registration to the last payment.

WHEN YOU REGISTER — 1

Register

A registration on your plan, GST included. Pay by UPI, card or netbanking, with credit card EMI on Plus and Infinity.

WHILE YOU LEARN — 2

Complete the program

The 6 core modules, 5 capstones in 15 days, the competency test and signing within 30 days (on Infinity, also 75% live-class attendance).

WITHIN 15 WORKING DAYS OF SIGNING — 3

Your registration comes back

All of it, GST included, the way you paid. You keep your certificate and the core modules.

THEN, EITHER — 4

YOU'RE HIRED

9 monthly payments, from your salary

Only in a qualifying job, at or above your minimum salary assured. By UPI AutoPay on a date you choose, the 5th to the 15th. No tax added. Lose the job? Payments pause while you're out of work.

NOT PLACED WITHIN 12 MONTHS

You pay ₹0.

No qualifying job accepted within 12 months of signing, and nothing more is ever payable.

Every step is written into the Pay After Placement Agreement. Whether we arranged the job or you found it, anywhere in India, remote or abroad.

How it works →

PLANS AND FEES, IN NUMBERS

What you pay, *and when.*

Full prices shown. The website shows your price, lower while an offer is on.

	GO	PLUS	INFINITY
Your registration	**₹15,999** incl. GST	**₹19,999** incl. GST	**₹39,999** incl. GST
When you complete	**₹15,999 back** all of it, GST included	**₹19,999 back** all of it, GST included	**₹39,999 back** all of it, GST included
Main fee, after you're hired	**₹5,999** a month × 9, no tax added	**₹7,999** a month × 9, no tax added	**₹9,999** a month × 9, no tax added
Not placed after completing	**₹0**	**₹0**	**₹0**

No loan, no lender

No bank, no finance company, no credit check and no interest. One agreement, with us.

Whole prices, GST included

Nothing is added at checkout. The GST comes back with your registration, and no tax is added to the 9 payments.

The whole fee upfront: save up to ₹35,992

Skip the registration and pay the whole fee upfront: Go ₹37,999, Plus ₹49,999, Infinity ₹53,999. Complete and aren't placed? All of it comes back.

WAYS TO PAY **In full** by UPI, card or netbanking. On Plus and Infinity, also **No Cost card EMI** up to 6 months on eligible cards. No hidden charges.

Scan for your price

The website shows the offer, if one is on, and your plan.

MINIMUM SALARY ASSURED

The bar a job must clear *before you pay.*

A job counts only if its fixed annual pay is at or above your plan's minimum salary assured. Below it, you owe nothing for that job.

GO

₹6 LPA

For Data Analyst roles.

30 interviews assured

PLUS

₹9 LPA

or your salary + 35%, whichever is higher. For Data Scientist roles.

100 interviews assured

INFINITY

₹12 LPA

or your salary + 85%, whichever is higher. For AI/ML Engineer roles.

Unlimited interviews, until you're hired

WHAT COUNTS AS A QUALIFYING JOB

- **A full-time job** in data science, analytics, AI/ML, BI or software with data work
- **Fixed annual pay** at or above your minimum salary assured
- **However you found it** whether we arranged it or you found it yourself
- **Wherever it is** anywhere in India, remote or abroad

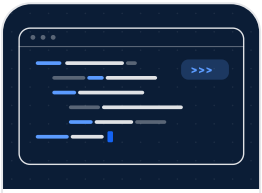

Data Science & AI Job Guarantee Program: not placed after completing the program? Get 100% of your registration back and pay ₹0 after that.

Interviews start once you complete

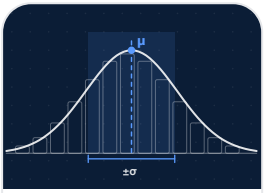

WHAT YOU'LL LEARN

Six modules to placement-ready. *Four more to stand out.*

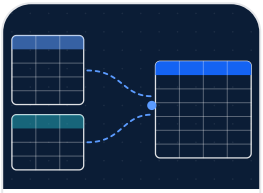

No coding needed to start: Module 1 begins from zero. The 6 core modules come first, on every plan. Complete the program and your interviews can start, while Modern AI and the AI Engineer Stack carry on.

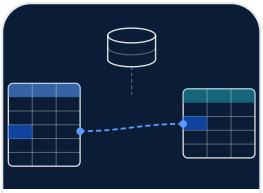

MODULE 1

CAPSTONES

Real problems, *real brands.*

After Module 6 you finish 5 capstones in 15 days: all five on Go, any five of ten on Plus, any five of all 25 on Infinity. Each comes with a cheat sheet, its step-by-step guide.

Festive-sale dashboard
Sales, categories and returns across a big sale, in one Power BI report

Every plan

Restaurant ratings across cities
What makes a restaurant rate well, city by city and cuisine by cuisine

Every plan

UPI payments analytics
Who pays whom, when and how much, in SQL and a live dashboard

Every plan

Ride-demand forecast
Predict demand by zone and hour, so drivers are where riders will be

Plus · Infinity

Customer churn prediction
Find who is about to leave, and the offer that keeps them

Plus · Infinity

UPI fraud detection
Catch the rare fraudulent payment among millions of good ones

Plus · Infinity

Review sentiment in Hindi and English
Read thousands of beauty reviews and tell what customers feel

Infinity

Product-search ranker
Rank the right products for what a shopper typed

Infinity

5 on Go
submit all five

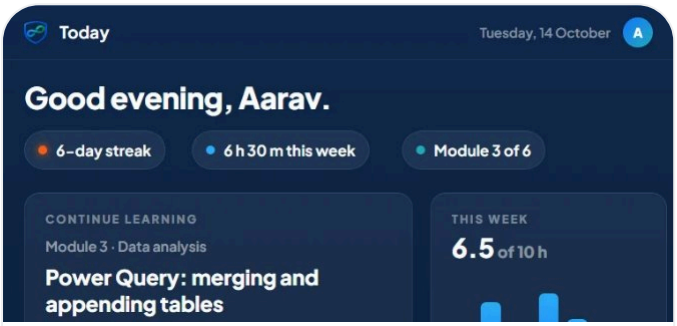

10 on Plus
submit any five

25 on Infinity
submit any five

THE DATA BEHIND ALL 25

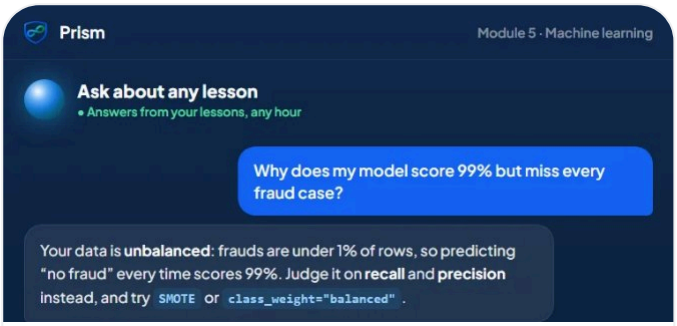

Live weekends or your own pace. *Help a message away.*

Short video lessons, notes and a lab every week on the learning platform, with doubt support on every plan and live weekends on Infinity.

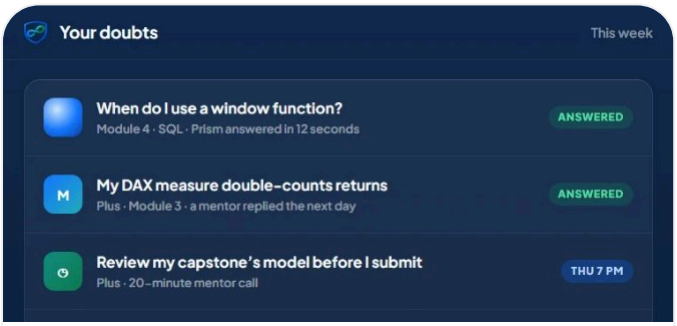

The learning platform

Lessons open one after another as you finish, with notes and a lab every week. Lifetime access to the core modules.

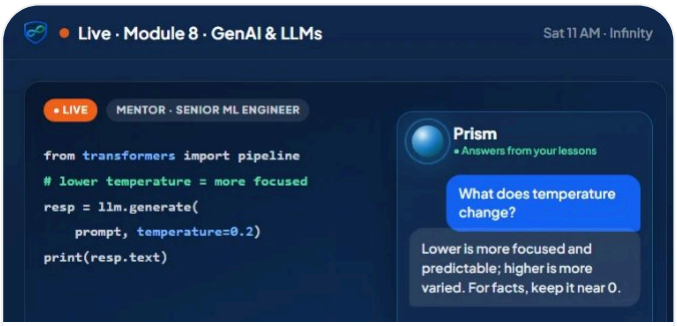

Prism, your AI doubt helper

On Go and Infinity, Prism answers doubts from your lessons any time of day, alongside your plan's human support.

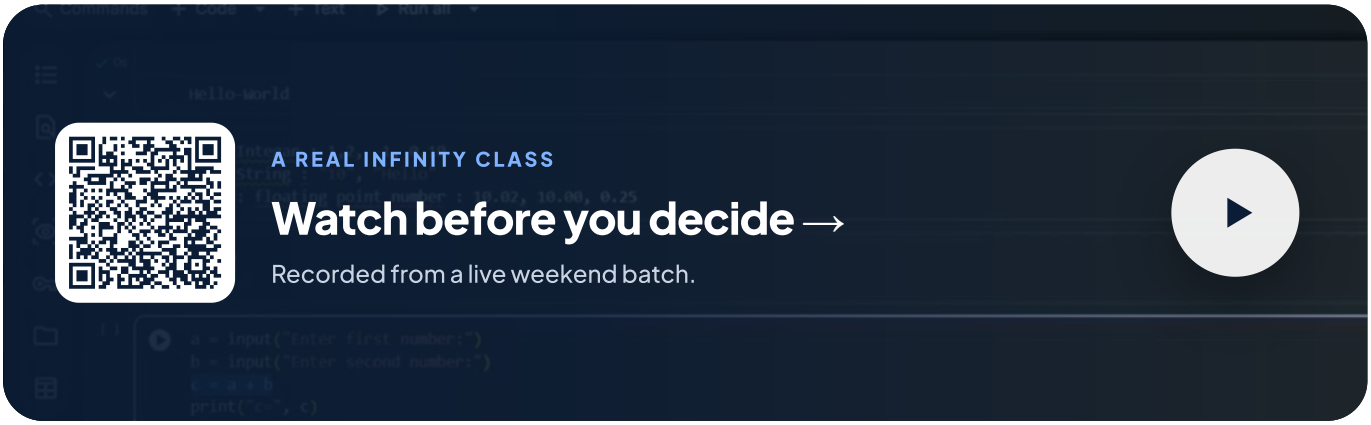

Doubt support, by plan

Go: the support portal and Prism. Plus, self-paced: a mentor answers in the support portal, with a 20-minute mentor call if a doubt waits over 48 hours (up to 4 a month). Infinity: live in class, and Prism.

Live weekends on Infinity

Saturday and Sunday, 11 AM to 2 PM IST, at most 75 in a batch, with live mentors. Pause once, for up to a year, while you're doing the core.

FROM READY TO HIRED

We arrange the interviews. *You choose the job.*

Once you complete, our placement team gets to work. Turn down any offer, even a qualifying one, at no cost, and skip up to 50 of the interviews we arrange.

GO	PLUS	INFINITY
30	**100**	**∞**
interviews assured	interviews assured	interviews, until you're hired

ONLY ON INFINITY

3 paid internships with LORs

After you complete, 30 days each with a multinational partner, during your live-class hours. A stipend of at least ₹7,500 each, the partner's internship certificate and a signed letter of recommendation.

5-Year Career Security & Upgrade

Once in each of the 5 years from the day you join your first qualifying job, help moving to a better-paid role: interviews, mock interviews, a resume refresh and help negotiating the offer, at no extra cost.

CAREER SUPPORT, BY PLAN

Go	Plus	Infinity
Until your first qualifying job	1-Year Career Security	5-Year Career Security & Upgrade

HOW PLACEMENT WORKS

1 — Complete the program
The core, the capstones and the competency test

2 — Get interview-ready
Your resume, LinkedIn and GitHub, and mock interviews

3 — Interview
We arrange them, as many as your plan assures

4 — Choose your job
Accept the offer you want; turning one down costs nothing

Interviews, mock interviews, internships and career support start once you complete the program.

CERTIFICATIONS

10 certifications, *worth up to* ₹1,04,000.

Exam vouchers for industry certifications, included once you complete: 1 on Go, 3 on Plus, all 10 on Infinity. You take each exam with its provider, and we help you prepare to clear every one. Plus our own verified certificate on every plan.

Real learners of the Job Guarantee Program, with written consent. Records on file.

FOR PARENTS

Read it together. *Check us first.*

Your child pays the main fee only after a job pays them. First, only a registration, and it comes back when they complete. No loan, no lender, nothing hidden.

No loan, no credit check

No bank or finance company: 9 payments by UPI AutoPay, set up only once they're hired.

Registration back, in full

All of it, GST included, within 15 working days of signing, once they complete.

₹0 if not placed

They complete, and no qualifying job is accepted within 12 months of signing? Nothing more to pay.

WHAT PARENTS ASK US

Is the job guaranteed?

Yes, once you complete the program: the 6 core modules, 5 capstones in 15 days, the competency test and signing the agreement within 30 days (on Infinity, also 75% live-class attendance). That's our Job Guarantee Program, in writing in the agreement you sign: within the 12-month placement period, we arrange your interviews in your field (unlimited on Infinity until you're hired, 100 on Plus, 30 on Go), towards a qualifying job at or above your plan's minimum salary assured (on Infinity, ₹12 LPA or your salary + 85%, whichever is higher; on Plus, ₹9 LPA or your salary + 35%, whichever is higher; on Go, ₹6 LPA). You pay the registration to start, and it comes back in full when you complete; the main fee starts only after you're placed. Not placed after completing the program? Get 100% of your registration back and pay ₹0 after that. Employers still choose whom they hire, so we can't promise a particular company, role or salary.

In writing: Agreement 1.6 · Agreement 2.9 · Agreement 4.1 · Agreement 5.1 · Refund 1.1 · Terms 6.1 · Terms 8.2 · Legal notices §2

Will you contact my employer or family about payments?

Never about money. We contact an employer only to confirm your start date, role and fixed pay, and you can send other proof instead, such as the salary credits on your bank statement. About a payment, we contact only you: never your employer, family or friends, and we never pass your account to a collection agent.

In writing: Agreement 7.3 · Agreement 10.4

Is the program recognised by AICTE or UGC?

No. Our program and certificate are not approved or recognised by AICTE, UGC or any government body, and the certificate isn't a degree or diploma. It certifies that you completed our program; the free exams lead to the providers' own industry certifications.

In writing: Legal notices 7.5

What if I stop midway?

Your registration reserves your place from the day you pay (on Infinity, one of your batch's limited seats), so it comes back only when you complete. If you cancel or stop, even before your access starts, or don't complete within your completion window, it isn't refunded and the ₹0 promise doesn't apply; the whole fee paid upfront isn't refunded either. You keep the core modules, and you owe nothing after placement. If serious illness or something beyond your control stops you, write to us with proof: we may extend your window, and on Infinity you can use Pause & Play. Money taken by mistake (paid twice, or a failed payment that left your account) always comes back.

In writing: Refund 4.1 · Refund 4.3 · Refund 5.2 · Terms 6.4

YOUR DOUBTS, ANSWERED

Every answer, *in writing.*

From our FAQ, word for word, with the clause each one comes from.

What if I'm not placed?

That's the Job Guarantee Program: not placed after completing the program? Get 100% of your registration back and pay ₹0 after that. If you don't accept a qualifying job within 12 months of signing the agreement, the main fee is never due, and you keep your registration refund, your certificate and the core modules. An offer you accept within those 12 months still counts if you join within 90 days after they end.

In writing: Agreement 5.1 · Agreement 2.4

When does the main fee start?

Only after you join a qualifying job: an offer letter alone never makes anything payable. Within 7 days of your first working day you set up UPI AutoPay, and the first payment comes after your first salary arrives, on a date you choose between the 5th and the 15th. Then 9 monthly payments: ₹5,999 on Go, ₹7,999 on Plus or ₹9,999 on Infinity, with no interest and nothing added.

In writing: Agreement 4.1 · Agreement 4.2

When does my registration come back?

When you complete the program: the 6 core modules, 5 capstones in 15 days, the competency test and signing the agreement within 30 days (on Infinity, also 75% live-class attendance). All of it comes back, GST included, within 15 working days of signing.

In writing: Refund 1.1 · Refund 2.2 · Refund 3.1

Are there any hidden charges?

No. What you see is all you pay: your registration today, GST included, and the 9 payments only after you're hired, with nothing added. No convenience, platform or processing fee, no interest and no late fees. The checkout shows every rupee before you pay.

In writing: Billing 1.3 · Billing §7

Can I turn down an offer?

Yes, as many as you like. Turning down an offer, even a qualifying one, costs you nothing. You can also skip up to 50 of the interviews we arrange, and skipped ones still count towards your interviews assured.

In writing: Agreement 6.1 · Agreement 6.2

Do I need to know coding?

No. Module 1 starts from zero, with Python fundamentals, logic and working with files, and practice after every lesson. You build up to machine learning, deep learning and AI one step at a time.

Still unsure? Ask Prism, our AI assistant.

It answers from our terms, any time, on the website. Or **message us on WhatsApp**. A call only when you ask.
